Insolvency & Bankruptcy Conclave

Saturday, 03rd February 2024

Venue: The Southern India Chamber of Commerce and Industry, Esplanade, George Town, Chennai

The Insolvency and Bankruptcy Code is here from 2016 December. The jurisprudence is still evolving. We are witnessing unlimited opportunities, mind boggling achievements, endless opportunities, and formidable challenges in this journey of more than 6 years. The Code has become institutionalized and has come of age. The four pillars of the Code viz., the Regulators, Adjudicating Authority, Resolution Professional and Agency and Legal Practitioners can run the system, by and large, in a smooth manner. Apart from the above 4 pillars, there is a lot of learning for the two drivers, both the Debtors and Creditors also. Both Debtors and Creditors have learned several lessons making a significant departure in the culture, aspirations, and all other aspects.

There is a long way to go and several provisions of the Code have not yet been brought into force and those provisions include Insolvency and Bankruptcy of Individuals, Group insolvency, and cross border insolvency. At the same time, time has come for looking back and assessing the outcome, keeping the laudable objectives forming the foundation for introducing the Code and vital statistics that give a picture of the outcome.

With this perspective we are happy to announce the Insolvency and Bankruptcy Conclave to study and share the varied experiences from the angle of all the 4 Pillars, viz., the Regulator, Adjudicating Authority, Resolution Professionals and Legal Practitioners and the 2 Drivers, viz., the Debtors and the Creditors.

The IBC Conclave is aimed to bring before you highly experienced and reputed personalities from all these sites and give you a multi-dimensional view of the experiences to enlighten all of us. Towards this purpose, ASSOCHAM brings to you 6 Technical Sessions aimed to look at the Code from the angle of the respective stakeholders.

We are sure this conclave will bring out interesting perspectives to be geared up to understand the challenges, be prepared to make necessary changes and do everything to make this Code fruitful.

After all, India, the Bharat, has withstood quiet successfully even the global pandemic. We are confident that IBC will remain an enactment to continue to ensure that India is not a defaulter's paradise.

Glimpse of Insolvency & Bankruptcy Conclave, December 2023, Bangalore
